Mobile X-Ray Unit To Be Here October 1 and 4

A Chest X-Ray Is An Opportunity

Inflation is fast catching up with Michigan public utilities. The impact will soon reach the consumer's pocketbook.

Utility rates are going up, if they haven't done so already.

How much? That depends on the judgment of three men, members of the Michigan Public Service Commission, who serve as referees in behalf of the people to see that consumer and investor alike get a fair deal.

We chatted recently with Stuart B. White, of Niles, chairman, and his two commissioners, Schuyler L. Marshall, of St. Johns and Henry L. Woolfenden, of Detroit. It was a late summer day, hot and humid. All three men had foregone summer vacations, and they were not any too happy about it. The pressure of work was heavy.

"Post-war inflation, added to war-time inflation has increased expenses of the Michigan Bell Telephone Company 137.5 per cent, the Detroit Edison Company 63.8 per cent, Michigan Consolidated Gas Company 70.6 per cent, and the Consumers Power Company 67.2 per cent," said White, referring to a notebook. (Figures covered 1941 to 1947.)

"You can see why these companies are before the state commission with requests for rate increases. As a result, our work-load has tripled in 12 months."

"Utilities have a monopoly by state franchise and hence are not self-regulated by competition, as is the case of private business. Because of this fact, they are permitted to earn only enough to pay a reasonable return to investors. They cannot set aside profits to meet the cost of needed improvements and expansion of their plants as private industry does. Utilities are regulated by the legislature, and the commission acts as a court. It's our job to look after the public's interest—good service at fair rates."

The Public Service Commission has jurisdiction over five general classes of utilities: Electric power, telephone, gas distribution, railroad and motor transportation, such as buses and trucks.

What the commission does is important to the people of Michigan. Those utilities touch the lives and reach into the pockets of every citizen. Invested capital of Michigan utilities amounts to more than \$2,000,000,000. The people pay more than \$600,000,000 each year in fees—just about twice what the State of Michigan collects in all forms of taxes.

Nineteen major utility companies filed applications in 1948 for rate adjustments, as inflation kicked up their cost of operation. Collectively, these utilities asked a total of \$40,000,000 additional income.

In addition to the high cost of doing business, utilities are forced by long-established policy to expand their service whenever the public demands more service. Private industry would not do this. Utilities can't delay installation of telephones, laying of gas mains, generating plants, and so on.

Michigan Bell, for example, is now expanding its telephone service to the tune of \$120,000,000. Consumers and Detroit Edison are borrowing \$100,000,000 each. Detroit Edison stockholders number 44,000 persons—all of which have risked money for investment. This profit incentive makes America tick.

"The financial impact of an interruption in the service of a (Continued on Page Three)

Rally Day-Family Night M. M. Church

Vacations are over, school has started and Sunday, October 3, will be Rally Day at Michelson Memorial Church. This is one day of the year when an effort is made to have present every member who is enrolled in the Sunday School and to secure as many new members as possible. For the first time in quite a while there is a full staff of Sunday School teachers. The primary department is headed by Mrs. Augustus Funkh, the teachers being Mrs. Theodore Thompson pre-school, Mrs. Robert

District Health Department No. 1, for the Counties of Crawford, Roscommon, Kalamazoo and Muskegon, is happy to present the residents of this area the Michigan Department of Health Mobile X-Ray Unit. It is being sponsored by the Muskegon County by the McBain Woman's Club and the Lake City Chamber of Commerce; in Roscommon County by the Kiwanis Club, in Crawford County by the Lion's Club and Kiwanis Club, and in Kalamazoo County by the Lion's Club. The unit will be located at the following places:

Lake City, September 28 all day

Houghton Lake High School, September 29, beginning at 1 P. M., and September 30th, all day.

Grayling High School, October 1, beginning at 1 P. M., and October 4 from 8:30 to 12 noon.

Kalamazoo High School, October 5, all day.

The hours for the clinic are 8:30 A. M. to 8 P. M., with the exception of the lunch hour and dinner hour. No appointment is necessary.

The Mobile Units of the Michigan Department of Health have been operating for some time and the findings show approximately 2% chest abnormalities in the X-Rays taken. Tuberculosis is a curable communicable disease and with the co-operation of everyone it can be brought under control.

"Tree Farm" Program Begun

A "Tree Farm" program to give recognition to the owners of Michigan's 11,000,000 acres of private woodlands and forests who are managing their holdings so as to "assure continued production of commercial forest crops" is being launched this week by the Conservation Department in co-operation with Michigan Forest Industries.

A 50-member committee with Governor Kim Sigler as honorary chairman will serve as advisors to the program. Clare M. Jensen, Grayling manager of Timberlands Inc., is also a member of the committee.

"I am pleased to see recognition given to those owners of private woodlands who are contributing to the rescue of the state's dwindling resources by effecting commendable forest management," Governor Sigler said.

The Michigan Forest Industries is composed of representatives of timberland owners, lumber companies and other forest products.

(Continued on Page 4)

Is Bird Season Open Yet?

Dr. Leonard Allison, state fisheries pathologist, took a second look at a feeding loon while doing some research work at Shupe Lake.

But it was not an optical illusion—the bird really had an arrow protruding from its back. Dr. Allison reported the case to Conservation Officer Russell V. Wright of Frederic, who could not locate the bird on a trip to the lake.

On the following day, Angler George Griffith caught the loon and removed a broadhead arrow which had penetrated three inches into the bird's back.

Mr. and Mrs. Erwin Wales were called to Hastings, Michigan, last week end due to the death of their 10-year-old nephew, Kenneth Welton, who was struck and killed by a car, while riding his bicycle.

WHAT - WHERE - WHEN

- Local Order of the Moose at 8 P. M. on the second and fourth Wednesday of each month.
- Youth Fellowship, M. M. Church, American Legion, 8:00 P. M., Legion Hall. Second Monday, business; 4th Monday, social.
- V. F. W. will meet the first and third Tuesday of every month. Grange Hall, 8 o'clock.
- Thursdays—3:30, Brownie Troop 5, M. M. Church.
- Oct. 1—Ladies Aid, M. M. Church, 1 P. M. potluck.
- Oct. 2—First meeting Youth Fellowship, 6:30, M. M. Church.
- Oct. 3—The Michelson Memorial Church will observe World Wide Communion Sunday as well as Rally Day.
- Oct. 4—Hospital Aid, Nurses' Home, Mrs. J. Cincinella and Mrs. W. Dudewicz hostesses.
- Oct. 5—Regular meeting of Grayling Chapter, No. 63, O. E. S. Reception at 7:30.
- Oct. 6—Family night potluck dinner, M. M. Church.
- Oct. 8-9—Friday and Saturday M. M. Church. Doors open Thursday Oct. 7 from 10:30 till 5:00 to receive donations. Call Mrs. Ella Wilcox for pick-up.
- Oct. 13—Reg. meeting Lutheran Jr. Aid, Danebod Hall, 8:00 P. M.
- Oct. 26—Harvest supper, M. M. Church. Sponsored by the Junior Ladies' Aid. Adults \$1.50, children under 12 75c.
- Oct. 29-30—Halloween carnival, High School. Sponsored by P. T. A.

Robert Church Drowning Victim

Robert Church, 26, son of Mr. Calvin Church of Grayling was reported to have been drowned last Sunday evening in New York Harbor when he fell from a gang-plank leading to the ship on which he had been working as a member of the United States Merchant Marine.

The deceased was a graduate of Grayling High School in the class of 1940. He had spent several weeks here this summer and earlier this spring. At last word, his body had not been recovered. Further particulars of the fatal accident were not at this time available.

Top Bowlers In Match Play Here

Some of Michigan's, and possibly the world's best bowlers will meet for match play on Spike's Recreation new alleys on Saturday.

The Maxwell Insurance squad of Detroit will meet the Detroit Gaskets in three games for total pins. Both teams are members of the Detroit Star Classic League and the Motor City Classic League. The All Star League has been described by many sport writers and bowlers as the fastest and toughest competition in the entire world.

Both teams boast of a team average of 1,000 pins per game in house league bowling, which means that each member averages 200 pins per game.

The Gaskets are captained by Rog Overmyer, a veteran Detroit bowler, while the Maxwell Insurance team is captained by the name of the Brunswick-Minneapolis bowler, and is led by Harold Allen, a man who is widely known for his many titles won in ABC competition as well as city and state titles. The insurance squad also has Walter Reppenhagen, an outstanding player and former member of the Stroh's team who held the nation's title a number of times. Another bowler, who is tops, will be pleased to crown his name with his game but very seldom misses that 200 mark or better each game.

The teams will arrive in Grayling on Saturday 5 P. M. and following their match that evening will spend the week end here as guests of Mr. and Mrs. Harold "Spike" MacNeven.

Lovelis Notes

Mrs. John Lewis and her father, S. P. Croswell, visited last week with the Harold Johnsons. Mr. Kinsey who is Mrs. Johnson's grandfather, celebrated his 91st birthday while here.

Mr. and Mrs. Hartman spent a week at Cedar Springs last week.

Mrs. Maude Bremner of Cedar Springs, Michigan, visited the past week with her daughter and husband, Mr. and Mrs. V. Hartman.

Another get together party at the new town night.

Guests over the week-end at the Joe Gayer home were Mr. and Mrs. Ira Cook of Crosswell, Mich., Mrs. Rose Gayer, Sandusky, Mich., Mr. and Mrs. Carl McLaughlin of Yale, Michigan, and Jim J. Gayer of Port Huron.

Mrs. McCracken is visiting at her daughters, Mrs. J. Stokes.

Mr. and Mrs. Nick Loeffler have enjoyed having with them the George and a girl friend of Detroit. They returned home Monday.

Grayling Sportsmen's Club Elects Willard Cornell As New President

The Grayling Sportsmen's Club named Willard Cornell as its president for the coming year at the club's annual meeting held at the Winter Sports Park building last Friday evening.

Rolla Failing was elected as vice president, Art York was named secretary and Earl R. Burns as treasurer. Past president Joe Bleiski and Bach Anderson were elected as the two directors at large. Every officer was elected unanimously and the slate presented by the nominating committee headed by Dr. R. A. Van Vleet was accepted without alteration.

Following the business meeting, the club heard a report from Harold Cliff, president of the Grayling Winter Sports Park, Inc. President Cliff told the club of the park's operation last year and of some of the handicaps as well as many of the brighter issues.

Ford Kellum, arena game supervisor from Mio spoke to the club on deer and the starvation area in his district which is comprised of Crawford, Roscommon, Ogemaw, Osceola, Alcona and Isocoma counties. He told of the department's attitude in as far as deer feeding in the winter is concerned and told the reasons the department feels that it is a futile gesture.

Mr. Kellum came prepared with a host of colored slides to go along with his talk, but projector difficulties made the use of them impossible. He followed his talk with a question and answer period which proved very lively. Refreshments were served following the meeting.

Paul Jones chairmanned the meeting which drew about 80 attendance. Upon the election of the new president, Mr. Jones relinquished his chair to President Cornell, who conducted the remainder of the meeting.

The first regular meeting will be held at the Winter Sports Park at 7:30 P. M. this Friday night, October 1. The transaction of business, new resolutions and plans for the coming year will be taken up at the session.

Resume Money Orders To Most of Germany

Resumption of cable money order service to all civilians in Germany, except Berlin and the Russian zone, was announced today by Kenneth D. Current, local Western Union manager. Money orders, although unlimited in amount, are restricted to charitable, personal or family purposes. Mr. Current stated. Payment will be made abroad in Deutsche marks, subject to the usual international charges made for remittances in Germany.

United States authorized personnel stationed in the American zone of Germany will continue to be paid money order remittances in the form of U. S. military pay certificates or U. S. dollar travelers cheques.

Attention, Deer Hunting Archers

All archers who are taking up the bow and arrow on Friday morning in quest of the wild deer are hereby notified that an unusual spot to set up a blind would be at the corner of US-27 and Michigan Avenue.

Now, just a minute, that is not quite as silly as it sounds at the first reading. Were you at the before-mentioned corner at 9 A. M. last Friday?

If you weren't you missed seeing a nice big doe run pell mell down the street, right through a red light. After passing the traffic signal, she threw on the brakes in a hurry and in her skidding around fell to the pavement but was up in a heartbeat.

This seemingly undecide action was the result of Miss (or Mrs.) Deer spotting on the corner, after running through the red light, Patrolman Roy Lovely parked in the Grayling police car.

At last sight, the deer was still driving steadily ahead of hard-driving Officer Lovely.

We haven't seen her since, but we wonder if he was chasing, that poor little doe to get her out of town, or to take her home or was he going to issue her a ticket for zipping past that red traffic signal.

Local Barber Shop Changes Ownership

Ernest Olsen reports the sale of his barber shop on Michigan Avenue to Clarence J. Leng of Bay City. Mr. Leng took over the shop on Monday.

He has returned to Bay City for a day or so readying for moving to Grayling. He is married and has two children, one of which will enter school. The other child is of pre-school age.

Elmer Kellogg will remain as a barber in the new ownership. Also a number of tuition students that attended Grayling schools last year are not now enrolled.

The enrollment by grades this year is as follows: Kindergarten, 30; first, 43; second, 37; third, 41; fourth, 40; fifth, 39; sixth, 38; combined fifth and sixth grade, 26. The South Side School enrollment is first and second, 28; third and fourth, 28. Five students were moved from the main school to the South Side school to balance the enrollment.

Supt. Bond said.

The seventh grade has 66 students; eighth, 47; ninth, 38; tenth, 36; eleventh, 43, and twelfth, 39.

Navy Holds 3rd Scholarship Test

The Navy announced recently that the third nation-wide competitive examination for its College Training Program has been scheduled for December 11, 1948.

The program is open to male citizens of the United States between the ages of 17 and 21, and quotas have been assigned to each state and territory on the basis of its high school population. Those who are successful in passing the aptitude test will be interviewed and given physical examinations; then, if found in all respects qualified, their names will be submitted to state and territorial Selection Committees composed of prominent citizens and naval officers.

The program is open to male citizens of the United States between the ages of 17 and 21, and quotas have been assigned to each state and territory on the basis of its high school population. Those who are successful in passing the aptitude test will be interviewed and given physical examinations; then, if found in all respects qualified, their names will be submitted to state and territorial Selection Committees composed of prominent citizens and naval officers.

The students selected by these committees will be assigned to the 12 Naval Reserve Officers' Training Corps units which are located in various universities and colleges in the United States. If accepted by the college, they will be appointed Midshipmen, U. S. N. R. and will have their tuition, books, and normal fees paid for by the government. In addition they will receive pay of the rate of \$50.00 a month for the four-year period. Upon graduation they may be commissioned as officers in the Regular Navy or Marine Corps and required to serve on active duty for two years. At the end of this time they may apply for retention in the Regular Navy or Marine Corps, or transfer to the Reserve and return to civilian life.

Applications are available at high schools, colleges, Offices of Naval Officer Procurement and Navy Recruiting Stations.

Mr. W. E. Kumpula, principal of Grayling High School, who is acting as the Navy's local civilian representative, will be pleased to provide specific information about the program, including the time and place of the competitive examination, the method of making application, and the specific age and scholastic qualifications.

Mio Sportsmen Sponsor Air Roundup Sunday

The Mio Sportsmen Club is sponsoring an air roundup at Lost Creek Sky Ranch between Mio and Luzerne on Sunday.

The day will be a stunt flying, air races, bomb dropping and a mass parachute jump by members of the Civilian Air Patrol jumpers. If next Sunday brings rain, the roundup will be held the following week.

James McDonnell received word Sunday evening of the birth of James Holmgren, to Mr. and Mrs. Paul E. McDonnell. Holmgren is born on September 26. He weighed nine pounds.

Grayling Moves To Gaylord Friday Afternoon For Win

Rayders Dominate Final Half To Win

The Green Wave squad moves into Gaylord this Friday afternoon for the first time in the season. The team, which has won a victory, Coach Joe Bogart has been hard at work with his squad this week in an attempt to smooth out their blocking and their aerial game.

Against Charlevoix, the Wave played hard aggressive football during the first half with most of the first quarter being played in Charlevoix territory. Most of

School Closes For Institute

The Grayling schools will be closed today and tomorrow to allow the teaching staff to attend a teacher's institute which is being held in the school building.

School Superintendent Frank Bond today announced the opening school enrollment as 642 in comparison with last year's 707. He said that a few students were still enrolling and that the total might approximate last year's figure.

In the grades kindergarten through the sixth 370 students are enrolled in comparison to last year's enrollment of 398. Seventh grade through the twelfth is 272 with last year's enrollment being 311.

He said the drop in enrollment was due to Frederic High School adding the eleventh and twelfth grades to their schedule. Last year the Frederic school only enrolled children through the tenth grade. Also a number of tuition students that attended Grayling schools last year are not now enrolled.

The enrollment by grades this year is as follows: Kindergarten, 30; first, 43; second, 37; third, 41; fourth, 40; fifth, 39; sixth, 38; combined fifth and sixth grade, 26. The South Side School enrollment is first and second, 28; third and fourth, 28. Five students were moved from the main school to the South Side school to balance the enrollment.

Supt. Bond said.

The seventh grade has 66 students; eighth, 47; ninth, 38; tenth, 36; eleventh, 43, and twelfth, 39.

CHURCH HOST TO 150 GUESTS

The Grayling Evangelical Lutheran Church was host to 150 out of town guests the past week end, who came to attend a church convention held here September 24 through Sunday the 26th.

Guests began to arrive Friday afternoon and were housed by members of the congregation. Meals were in charge of the Senior Ladies Aid of the church with the assistance of the Junior Aid and were served at Danebod Hall.

The program started with a Friday evening service directed by Rev. Svend Jorgenson of Detroit. A Bible hour Saturday morning was under the direction of Rev. John Christensen of Ludington. Rev. Paul Wikmann of Manistee gave an address Saturday evening.

Another feature of the evening was a flute solo by Ann Holm. The songs and music were beautiful and enjoyed by every one present. A temporary darkness brought about by difficulties with the electric light, causing old-fashioned candles to be substituted, only heightened the effect of the performance.

Rev. Edwin E. Hanson of Muskegon officiated at the Sunday morning service and Rev. Svend Holm and Rev. Edwin Hanson served at the communion table. A Sunday afternoon meeting was addressed by Richard Sorenson of Marquette.

Legion Auxiliary News

Twenty-one ladies of the Legion Auxiliary were in West Branch last Wednesday evening. Mrs. Marie Raymond, District President of Bay City installed officers of the Grayling and West Branch units. Two sets of mothers and daughters were installed: Mrs. May Selesky, sergeant at arms and Mrs. Alice Thompson, first vice president of West Branch; Mrs. Mary Jorgenson, historian, Mrs. Leone Johnson, first vice-president, Grayling.

Other Grayling officers installed were president, Mrs. Marie Quinn; second vice president, Mrs. Lillian Ryan; secretary, Mrs. Helen Jankowski; treasurer, Mrs. Margaret Balch; chaplain, Mrs. Margaret Tinker, and junior past president, Mrs. Virginia Selesky. Members of the executive committee, Mrs. Rowena Blahy, Mrs. Lucille Roberts and Mrs. Emma Knibbs.

Funeral services for Pte. Jack C. Button, son of Malcolm N. Button of Kellogg's Corners and Mrs. Flossie Durkee of New Hudson were held Tuesday afternoon, October 15, at 2 o'clock at Alaledon Seventh Day Adventist Church near Holt. The body was at the Robinson-Hallax Funeral Home, 809 North Washington Ave., until the services.

Private Button was born July 21, 1923, near Mason. He attended the Seventh Day Adventist School in Lansing. He entered the Army in 1942. On October 2, 1944, he was killed in action while on scout duty in France.

In addition to his parents, he is survived by a brother, Donald of Mio; four sisters, Mrs. Dorothy Henderson of South Lyons, Mrs. Leon Lucas of Howell, Mrs. Jeal Caldwell of Brighton and Marjory of Lansing.

Funeral services were held at the Robinson-Hallax Funeral Home, 809 North Washington Ave., until the services.

Engagement Announced

Mr. and Mrs. Thomas L. Wakeley of Fletcher, Michigan, announce the engagement of their daughter, Bessie Louise, to Ross J. Willis, Jr., son of Mr. and Mrs. Ross J. Willis of Cadillac, Michigan.

The engagement was announced by Mr. and Mrs. Thomas L. Wakeley of Fletcher, Michigan, who are the parents of the bride.

Bessie Louise Wakeley was born on September 15, 1928, in Fletcher, Michigan. She is a member of the Methodist Church.

Ross J. Willis, Jr. was born on August 10, 1925, in Cadillac, Michigan. He is a member of the Methodist Church.

The couple will be married on October 10, 1948, at the home of the bride's parents in Fletcher, Michigan.

After the wedding, the bride and groom will reside in Cadillac, Michigan.

Both families are well known in the community.

The wedding will be a private affair.

Guests at the wedding will include family and friends.

The bride is the daughter of Mr. and Mrs. Thomas L. Wakeley.

The groom is the son of Mr. and Mrs. Ross J. Willis, Jr.

The wedding will be held at the home of the bride's parents.

The bride and groom will be married by a local minister.

The wedding will be a simple ceremony.

The bride and groom will be married on October 10, 1948.

The wedding will be held at the home of the bride's parents.

The bride is the daughter of Mr. and Mrs. Thomas L. Wakeley.

The groom is the son of Mr. and Mrs. Ross J. Willis, Jr.

The wedding will be a private affair.

After the wedding, the bride and groom will reside in Cadillac, Michigan.

Both families are well known in the community.

Thundering Demand

Writing in the American Magazine the president of the nation's oil companies briefly describes the size of the job the people have given the oil industry—and of the industry's success in doing it.

We are burning 50 per cent more oil than before the war. That is because there are 3,700,000 more automobiles, 110 per cent more buses and 46 per cent more trucks. About 1,500,000 more homes have oil heat. Railroads are using more diesel powered locomotives. And farmers have about doubled their use of tractors and other motorized equipment.

"To cope with this thundering demand," he says, "the petroleum industry is rushing to completion an expansion program that will cost at least \$4,000,000,000 in two years alone." And the first effects of that program are being felt now. Current oil production is 10 per cent ahead of last year, and is getting higher week by week. New pipe lines are being laid, and new tankers are on the way. In every phase of operation the industry is working on a full speed ahead basis.

As a result, he forecasts that oil supplies will be adequate this winter. But that prediction is necessarily qualified by one condition — that there be no sudden emergency, such as a war, a disaster, or a long crippling strike. Any of these would change the oil outlook drastically and for the worse. If the industry can keep on working normally, the oil we need will flow to every part of the country.

single utility," related Chairman White, "is well illustrated in the 17-day curtailment of natural gas to a number of Detroit industries in January, 1948.

"Approximately 100,000 workmen lost \$8,700,000 in wages. Unemployment compensation payments totaled \$1,356,880, while the state spent \$150,000 for additional administrative help to process the applications. It is estimated that the grand total was around \$10,800,000 — all because one utility was unable to provide full service to all of its customers for only 17 days.

"Members of the commission sense an obligation, as representatives of the people to do everything possible to assure adequate service by our public utilities. The consequences of our failure to do this would be costly, indeed."

When the commission does announce its findings on pending cases for higher utility rates, you may be sure that these three men — all appointees of Governor Kim Sigler — believe the rates to be the lowest rates consistent with good service.

The history of the utility commission has not been favorable to public interests. The average commissioner has held office for only three years. Salaries have not been attractive to high-caliber business men. Appointments have been political as a reward for political support, in too many instances.

The commission gets little publicity. Yet its work affects every

Thundering Demand

Writing in the American Magazine the president of the nation's oil companies briefly describes the size of the job the people have given the oil industry—and of the industry's success in doing it.

We are burning 50 per cent more oil than before the war. That is because there are 3,700,000 more automobiles, 110 per cent more buses and 46 per cent more trucks. About 1,500,000 more homes have oil heat. Railroads are using more diesel powered locomotives. And farmers have about doubled their use of tractors and other motorized equipment.

"To cope with this thundering demand," he says, "the petroleum industry is rushing to completion an expansion program that will cost at least \$4,000,000,000 in two years alone." And the first effects of that program are being felt now. Current oil production is 10 per cent ahead of last year, and is getting higher week by week. New pipe lines are being laid, and new tankers are on the way. In every phase of operation the industry is working on a full speed ahead basis.

As a result, he forecasts that oil supplies will be adequate this winter. But that prediction is necessarily qualified by one condition — that there be no sudden emergency, such as a war, a disaster, or a long crippling strike. Any of these would change the oil outlook drastically and for the worse. If the industry can keep on working normally, the oil we need will flow to every part of the country.

(Continued from Page One)

single utility," related Chairman White, "is well illustrated in the 17-day curtailment of natural gas to a number of Detroit industries in January, 1948.

"Approximately 100,000 workmen lost \$8,700,000 in wages. Unemployment compensation payments totaled \$1,356,880, while the state spent \$150,000 for additional administrative help to process the applications. It is estimated that the grand total was around \$10,000,000 — all because one utility was unable to provide full service to all of its customers for only 17 days.

"Members of the commission sense an obligation, as representatives of the people to do everything possible to assure adequate service by our public utilities. The consequences of our failure to do this would be costly, indeed."

When the commission does announce its findings on pending cases for higher utility rates, you may be sure that these three men — all appointees of Governor Kim Sigler — believe the rates to be the lowest rates consistent with good service.

The history of the utility commission has not been favorable to public interests. The average commissioner has held office for only three years. Salaries have not been always attractive to high-caliber business men. Appointments have been political as a reward for political support, in too many instances.

The commission gets little publicity. Yet its work affects every

Back of the cars and T. H. Keating, general sales manager, between the two models.

SHORT STORY

Bingo -- The Winner

By
LOUIS CUNNINGHAM

ROCKY FELL, alias Phelan, alias Finn, turned the green coupe in at the sign that said "Meals—Over night Cabins—Home Cooking." This out-of-the-way tourist camp, deep in Canada's New Brunswick, looked like a natural for Rocky, wanted in a dozen states, with \$5,000 for the one who turned him in. "Fat chance!" They probably were still looking for a blue sedan with Illinois plates.

This number, for instance, came from Arizona. The old bird who owned it never would squawk. A guy was a sucker on a lonely road to offer a stranger a lift.

"You're a pal, mister," said Rocky. He stuck a gun in the old boy's ribs. "Drive down the side road and behave yourself and everything will be lovely."

The man, his face gray-green, drove down a narrow track and at the end was an abandoned quarry with lots of water. Rocky drove the coupe back alone. He had the money and passport. He was Phillip Sumpter. It was easy for Rocky to forget

him and a dozen like him. He was looking forward to some home-cooking and a soft bed. He turned the corner of the drive and saw a white house with many gables—Robin's Nest. Sure looked comfy. Cabins here and there among the willows.

"Oh-oh!" A scarlet tunic was talking to an old lady in blue gingham on the steps. Rocky felt the gun under his armpit. Nothing to worry about.

When Rocky stopped the car, the old lady came briskly down. The Mountie went into the house. "Good day, sir. Welcome. I'm the proprietress—one of them. Miss Abby Stubbs. My sister Rachel and I run Robin's Nest. You'd like dinner, a cabin—"

"Sure," grinned Rocky. "Sure Miss Abby—I want the works. Chicken and hot biscuits and coffee—"

"Very good sir. Here's the key of No. 4, the cabin by the pond. Dinner will be ready when you are, Mr.—"

"Sumter—P. H. Sumter." Rocky's gray eyes never left the smiling old blue ones.

"We're so glad to have you, Mr. Sumter. You have no idea," Miss Abby actually dimpled.

"Swell," said Rocky. Just the same, after he had washed up he did not go directly to the front but strolled around to the rear.

"I SAW him first," Dear, Sweet old Miss Abby's voice. "I spoke to him first. It's the money car—it's the one that pays."

"Abby Stubbs! I noticed first I swear I did. You never even got

him to register. That's what you were supposed to do—"

"You're trying to cheat me. I know you, Rachel."

"We'll call it a tie. We'll split the money—" Harpies—both of them! Rocky straightened up.

"I have the proof," crowed Miss Abby. "I was talking to Corporal Renault. He stopped for dinner. I told him, and he's waiting and when Mr. Sumter comes in—Well, I'm not going to wait; I'm going to get the corporal now."

That was why Rocky pulled the gun on Corporal Renault when they met at the corner of the house. "Not so easy, copper," Rocky snarled, and stared at the two trembling old sisters behind the Mountie's broad back. "Those old dames can fight some more over the \$5,000 prize. I'm not caught yet. Damn you—"

That Mountie was a funny cop. He didn't look boyish any more, though he still was smiling. And he didn't back up. He kept right on coming. The gun roared but its muzzle was knocked up and a fist caught Rocky in the middle. He was still on the lawn when he came to and there was a familiar feel about his wrists. Bracelets.

"Well, it's a pinch, I guess," said Rocky. "I—anyway, those old witches will have to split the dough with you, copper."

Miss Abby and Miss Rachel, said the Mountie, "had a little pool. They put a dollar in it for every car with a different state license-plate. They were up to 47 when you came in with Arizona. Arizona was Bingo. That's how Miss Abby came to be claiming the money—\$48. It seems there's a bit more coming."

panies, pulp and paper companies and wood using industries and is affiliated with the American Forest Products Industries, Inc.

"Timber is a crop," declares Conservation Director P. J. Hoffmaster. "Properly managed timberland can be harvested, not once, but again and again. The tree farm system encourages woodland owners to follow practices which will benefit them by greater sales of forest products and, at the same time, help maintain one of the important industries in Michigan."

The Conservation Department and the Michigan Forest Industries will present a certificate and a free 18 inch by 28 inch tree farm sign to owners of woodlots or forests of more than six acres which will meet the standards set up in the program.

Further information about the program and applications for inspection by a conservation department forester may be obtained from the county agricultural agent or by writing either the State Forester, Department of Conservation, Lansing 13, Michigan or State Extension Forester, Michigan State College, East Lansing, Michigan.

Michigan becomes the twenty-second state to sponsor the plan, joining Ohio and Wisconsin in the Midwest. The idea began in the State of Washington in 1941 and today includes 15,323,673 acres of woodland.

Your Most Important Right

Now that the bandstand has been painted, and the park re-landscaped, we have about the nicest village green in the county.

And it's all because, at the last town election, folks got out and voted—85 per cent of them! That way, they passed the amendment calling for park improvements—over those opposing it.

Reminds you again how important the right to vote is in this country. And it's a right we can retain only by exercising it! ... like all the other individual liberties—

ties—from freedom to enjoy a glass of beer or ale, to a woman's right to vote along with men.

Folks can thank themselves that on summer evenings they'll be able to listen to band concerts in a well-kept park... enjoying a bottle of beer or soda pop (whichever they prefer). Because from where I sit, that's a freedom they've earned by exercising a still more important freedom: Voting!

M. M. Church

(Continued from Front Page)

Strong kindergarten, Miss Lola Bradley first grade, Mrs. Don Gothro second grade, Mrs. Wm. Joseph third grade. The secondary and senior department is under the direction of Rev. R. C. Puffer, Mrs. Thomas Robertson is the fourth grade teacher, Mrs. Fred Lamm fifth, Mrs. Ernest Hoels sixth, Mrs. Leonard Allison seventh, Mrs. Ernest Larson eighth and Ernest Larson ninth, the tenth and eleventh grades are the administration class and are under the direction of Mrs. Robert Funk. Thomas Stancil is the song leader in this department and substitute teachers include Mrs. Jappe Smith, Mrs. R. C. Puffer and Don Gothro. Any one wishing to volunteer for substitute teaching may leave their name with Rev. Puffer.

Miss Joan Randolph, who has been a very faithful worker in the Sunday School has been made assistant secretary.

At the teachers meeting on September 22 the treasurer's report was read which showed a good balance and it was voted to have a much needed cabinet made to house the Sunday School material. The young people, who by their fine attendance record earned credits for camp will get the opportunity to go next summer.

Promotion Sunday was September 26. The new year is starting and it is hoped that Sunday School will have a good attendance.

There will be a family night potluck supper at the church on October 6. Coffee, cream, sugar and milk will be furnished by the teachers. Each family is asked to bring food in proportion to the number of members in their family, also their own table service. There will be a short program.

Noted Author to Talk At District Club Meet

Dr. Welthy Honsinger Fisher, noted author and lecturer, will be principal speaker at the annual convention of the Northeastern District of the Michigan State Federation of Women's Clubs to be held in Bay City, October 5 and 6, according to announcement made this week by convention officials.

Dr. Fisher, one of the five best informed, most brilliant and effective women speakers in America, will talk at the banquet session, October 5.

Member of Bay City's three federated clubs — the Bay City Woman's Club, Junior Women's Club and Women's Improvement Club — are busy these days working on arrangements for the two-day conclave which is expected to attract club women from this area.

Registration will begin at 10 o'clock in the morning, October 5, followed by a "get-acquainted" program for all delegates and visitors. Mrs. E. C. Beck, Northeastern District president, will preside at all these sessions.

Prof. Austin Knapp, who is doing graduate work at Michigan State College, East Lansing, will be speaker at the afternoon session which will be followed by a parliamentary procedure class to be conducted by Mrs. Harry R. Schmitt, of Bay City.

A breakfast for all junior club members is scheduled for October 6, and at morning business sessions club reports will be given. Speaker at the "President's Luncheon" at noon, October 6, which will honor all club and district past presidents, will be Mrs. Bruce.

Mrs. John Peterson, president of the Grayling Woman's Club; Mrs. Bertha Peterson, Mrs. Stanley Stealy and possibly Mrs. Alfred Sorenson, program chairman, plan to attend.

Health NEWS

Health News is presented by your Doctor of Medicine as a health service of the Michigan State Medical Society

New Test Helps Doctor

Avoid Unnecessary Operations

A new test which helps doctors of medicine tell in advance whether or not an operation to relieve high blood pressure will be successful, is now being developed and used as a welcome means of avoiding unnecessary operations.

Though it is not yet 100% accurate, the method has already proved helpful. It is based on the action of a drug called tetraethylammonium chloride in blocking the functions of certain sympathetic nerves.

Because these are the nerves which ordinarily control the automatic expansion and contraction of the blood vessels, the drug temporarily has the same effect as an operation in which these nerves are cut. Its results thus can reasonably be expected to duplicate the results which would be obtained if the operation were performed. Since this means the probable benefits of the surgery can be judged.

The operation is used in cases of hypertension or high blood pressure, where it is felt that the excessive pressure is due to overactive control and contraction of the blood vessels by the nerves. But since there may be other factors than this nerve control—structural changes in the walls of the blood vessels, for instance—that may cause the restricted opening of the vessel, the operation has not always been beneficial. The new drug offers a more exact means of determining these results.

It was love at first sight when I saw the new NORGE GAS RANGE!

Model N-407

Just one glance, and the beautiful new Norge goes right to the heart of any homemaker. And generally, one demonstration sends it straight to her kitchen. We think you'll agree it's the best-looking, best-cooking gas range ever made!

Norge is the only range with the famous, high-speed, fuel-saving "Concentrator" burner. But it has a score of other great advantages, too, such as the one-piece, seamless, acid-resisting top... the big, family-size oven... the deeper, "smokeless" broiler... extra-thick oven insulation... two utensil drawers! See it today!

FIRE PREVENTION WEEK
Oct. 3-9

Fire Threatens Rural More Than City Areas

Rural residents of this area are being urged to observe Fire Prevention Week proclaimed for October 3-9.

The United States' record fire loss of \$700,000,000 in 1947, the highest in history, was equal to the yearly earning of all the farmers in Michigan. This shows the terrible toll taken each year by uncontrolled fire.

Sponsored by the U. S. Department of Agriculture in co-operation with the National Fire Protection association, the week is observed to help rural people learn to recognize fire hazards and to eliminate them.

Fred Roth, farm safety specialist at Michigan State College,

points out that statistics show that 90 per cent of all fires can be prevented. Fire always threatens rural residents more than city people. Census figures show that about one-fifth of the people in the United States live on farms while fire records show that one-third of the persons who are killed by fire are farm residents. In 1947, fires caused about 11,000 deaths, 3,500 of them on farms.

Fire hazards are more numerous on farms because farmers keep large stocks of gasoline and kerosene on hand, because farms are in greater danger from lightning, and because farmers use large quantities of combustible materials such as hay, rags, and

feed bags. Other hazards are the lamps and lanterns used on farms and the problem of curing hay properly and keeping it dry to prevent spontaneous ignition.

A campaign on each farm to eliminate fire hazards will help to cut the toll of fires on Michigan farms.

Wac-Waf Recruiters At Traverse City

A special WAC-WAF Recruiting team will visit the Traverse City Recruiting Station located at 123 1/2 E. Front St. on Thursday, 30 September 1948. Lt. Colonel Robert C. Hubbard, Commanding Officers of the Michigan Recruiting District, announced today.

The team is expected to arrive about 10 A. M. and will depart the same day at approximately 4 P. M.

While in Traverse City the team will informally interview all prospective applicants for enlistment in the Women's Army Corps and the Women's Air Force.

LEGAL NOTICES

Advertisement for Bids.
Sealed bids will be received by the Board of Supervisors at their October session, October 11, 1948, 9 A. M., to wash and paint the walls and ceiling of the Court Room, Judges Chamber and Corridor to the bottom of the stairs.

STATE OF MICHIGAN

Order of the Conservation Commission—Hungarian Partridge.
The Director of Conservation, having made a thorough investigation of conditions relative to Hungarian partridge, recommends a closed season.

THEREFORE, the Conservation Commission, by authority of Act 230, P. A. 1925, hereby orders that for a period of five years from October 1, 1948, it shall be unlawful for any person to hunt, take, or kill, or attempt to hunt, take, or kill any Hungarian partridge in the state.

Signed, sealed, and ordered published this thirteenth day of June, 1948.

Harry H. Whiteley,
Chairman.
Wayland Osgood,
Secretary.

Countersigned:
P. J. Hoffmaster,
Director.

STATE OF MICHIGAN

Order of the Conservation Commission—Pheasants and Other Upland Game.
The Director of Conservation, having made a thorough investigation relative to the hunting of pheasants, recommends certain regulations.

THEREFORE, the Conservation Commission, by authority of Act 230, P. A. 1925, hereby orders that for a period of one year beginning October 1, 1948, it shall be unlawful to hunt, take, or kill or attempt to hunt, take, or kill any pheasants in Alcona, Benzie, Grand Traverse, Iosco, Leelanau, and Wexford counties. In that part of the state open to pheasant hunting it shall be unlawful to hunt, take or kill or attempt to hunt, take or kill any pheasants except during the period from October 15 to October 26, inclusive, or to take more than six pheasants during said season; and in the area south of the north line of Town 16 North including all of Huron County it shall be unlawful to hunt for or kill any wild bird or wild animal before 12 o'clock noon, Eastern Standard Time, on October 15.

Signed, sealed, and ordered published this second day of August, 1948.

Donald B. McLouth,
Chairman.
Wayland Osgood,
Secretary.

Countersigned:
P. J. Hoffmaster,
Director of Conservation.
